

**PATIENT
HAPPINESS:
First call for papers
THE
HOLY GRAIL
OF
ORGAN
SUBSTITUTION**

**ROMA
Gemelli Polyclinics
September 17-20, 2014**

topics

- Adsorption Technologies
- Apheresis/Hemapheresis
- Artificial Kidney
- Artificial Liver
- Artificial Lung/ECMO
- Artificial Pancreas
- Artificial Skin
- Bioartificial Organs
- Biomaterials
- Bridging to Regeneration
- Bridging to Transplantation
- Cardiovascular (CV) technology
- Cardiac valves
- Endovascular technology in CV
- Mechanical assist systems & TAH
- Cell & Gene Therapy, Genomics & Proteomics
- Computer Modelling
- Cryopreservation
- Drug Delivery
- Ethical issues
- Eye prostheses
- Implants
- Instrumentation
- Limb prostheses
- Nanobiotechnology
- Nanomedicine
- Organ Preservation and Transplantation
- Psychological Issues
- Regenerative Medicine
- Robotics
- Stents & Vascular Prostheses
- Tissue Engineering

pre-congress courses
(provisional):

1. Innovation strategies in artificial organ development
2. Practical simulation of cannulation and management of ECMO patients
Prof. Mark T. Ogino
3. Artificial internal ankle, knee and hand prostheses
Dr. Ermes Giuzio
Dr. Antonio Merolli
4. Robotized external hand prostheses
Dr. Christian Cipriani & Dr. Marco Controzzi (PRENSILIA)
Dr. Silvia Bossi (SMANIA)

The official language is English.

Registration to pre-congress courses will open on February 24th, 2014.

- Quarto Rodolfo
- Remuzzi Andrea
- Renzulli Attilio
- Rimondini Lia
- Sannino Alessandro
- Santoro Antonio
- Stefoni Sergio
- Tanzi Maria Cristina
- Trivella Maria Giovanna

congress objectives

to discuss the importance of technical, psychological and ethical issue to patient happiness with serious tissue or organ deficits

to re-define the strategy to design and operate devices and treatments to ensure patient happiness

to bring together scientists with different backgrounds working on development, optimization and translation to clinics of treatments of organ deficits based on artificial, bioartificial, and cell-based organs or prostheses

to bridge communication gaps and promote new, or reinforce existing, multidisciplinary collaborations to exploit possible synergies

to provide up-to-date information on frontier technology to treat serious tissue or organ deficits

congress format

Plenary and key lectures given by invited speakers

Oral and poster presentations of submitted work given over two and a half days

Pre-conference hands-on or talk-to-the-expert courses on artificial organs-based treatments

congress venue

The ESAO 2014 will take place at the Giovanni XXIII congress facilities of the Gemelli Polyclinics in Rome.

congress language

The official language of the conference is English.

commercial exhibition

Facilities for exhibition and commercial products presentation are available. Interested companies are requested to contact the organizing secretariat.

industrial symposia

Industrial symposia will be organised as lunch-symposia. For detailed information, please contact the scientific secretariat.

registration

The registration forms are available in the congress website (www.esao2014.org).

abstract submission

The form for abstract submission is available in the congress website (www.esao2014.org).

congress registration fees

	Early bird before June 5th	Late registration after June 5th
ESAO 2014 Congress		
ESAO members*	400 €	450 €
Non-ESAO members	500 €	550 €
Students	150 €	200 €
One day participation		150 €
Pre-congress courses		
Students		
registering to Congress	50 €	100 €
non-registering to Congress	75 €	125 €
Faculty/Staff		
registering to Congress	100 €	150 €
non-registering to Congress	150 €	200 €

*to benefit of this fee it suffices to submit an application to ESAO

important dates

April 1, 2014

Submission of abstract and pre-registration forms

May 15, 2014

Notification of abstract acceptance

June 5, 2014

Registration of presenting authors in order to have the abstract published in the book of abstracts.

June 5, 2014

Registration at reduced rates
