

**Working Party on Mixing of the European Federation of Chemical
Engineering
Poznan, Poland
September 27th, 2005
17.00**

1. Adoption of the minutes of the WPM meeting held in Sevilla, Spain, June 4th, 2004

www.efce.cz/wpm/

2. Scientific results of the 7th World Congress of Chemical Engineering. We can comment the two numbers of the special issue of *Chemical Engineering Research and Design* (all together)

3. Conferences on Mixing and Sessions on Mixing of the Conferences of Chemical Engineering 2005 (Ivan Fort)

4. Fluid Mixing VIII International Conference (Michael Yianneskis)

www.fluidmixing8.org

5. 12th European Conference on Mixing, Bologna, Italy, June 27-30, 2006 (Franco Magelli)

www.aidic.it/mixing2006/

6. Comments on our website (all participants)

www.efce.cz/wpm/

7. Exchange of PhD students (all participants)

8. Is there a real need of research in the field of mixing for process industries and how this research could really bring significative advances (all participants). This point can lead to a common paper for *Chemical Engineering Research and Design*

9. Miscellaneous.
